BLUELINX
DELIVERING WHAT MATTERS™

Delivering The Building Blocks to Better Lives.

BlueLinx is a building products distributor for residential and commercial construction.

CALL TODAY!
1-888-502-2583

- Unparalleled Customer Service
- Extensive Selection of Products
- Coast-to-Coast Distribution

BlueLinx is the leading wholesale building products distributor for the top brands and customers in North America for homes and commercial construction. With warehouses across the country and a strong logistics network, we pick, pack, and ship the most sought-after materials to retailers and builders across America – completely, accurately, and on time. Since 1954, BlueLinx has been a proud blue-collar company of dedicated people who use their hands and skills to help transform building products into strong, secure businesses, houses, and homes. We emerged out of the plywood distribution division of Georgia-Pacific Corporation and have grown to become a preeminent partner for specialty materials suppliers, retailers, and professionals in the construction industry. BlueLinx is headquartered in Atlanta, Georgia.

greenbar 2X®

Durable Fiberglass Rebar

Introducing **Greenbar2X Fiberglass Rebar**

Greenbar2X is next-generation fiberglass rebar engineered to deliver unparalleled strength, durability, and corrosion resistance, making it the ideal solution for residential and commercial construction projects. Designed to outperform traditional steel, Greenbar2X is perfect for applications ranging from small-scale jobs like patios, driveways and foundations to large infrastructure projects such as pool foundations and retaining walls. Its lightweight design ensures quicker, more efficient installation, reducing both time and labor costs on-site. With superior resistance to corrosion, Greenbar2X minimizes maintenance expenses and significantly extends the lifespan of concrete structure. Greenbar2X is the smart, sustainable choice for projects that demand long-lasting performance and concrete reinforcement in even the harshest environments. It's time to start building stronger, faster, better!

Better than Steel Rebar

- ✓ STRONGER
- ✓ EASIER TO CUT
- ✓ LIGHTER & EASIER TO HANDLE
- ✓ WILL NOT RUST OR CORRODE

D-BLAZE®
FIRE RETARDANT TREATED WOOD

TOP REASONS to use D-Blaze® Fire Retardant Treated Wood

D-Blaze® Fire Retardant Treated Wood (FRTW) products are highly effective solutions for enhancing fire safety in wood construction. Both are pressure-impregnated with fire retardant chemicals to slow down flame spread, reduce smoke development, and meet the stringent requirements of major building codes across North America. These products provide a cost-effective, durable option for fire protection in both residential and commercial applications.

- Meets major U.S. and North American building code requirements (IBC®, IRC®, NBC®)
- UL Classified for flame spread and smoke development values of 25 or less
- UL GREENGUARD GOLD Certified for low VOC emissions
- Backed by a 50-Year Limited Warranty
- Tested for 1-hour and 2-hour fire-rated wall assemblies (ASTM E119)
- Low corrosion rates to code-approved metal fasteners and hardware
- Non-hygroscopic and durable under high temperature and humidity
- Easy to handle and work with common woodworking tools
- Provides a lower in-place cost than non-combustible materials

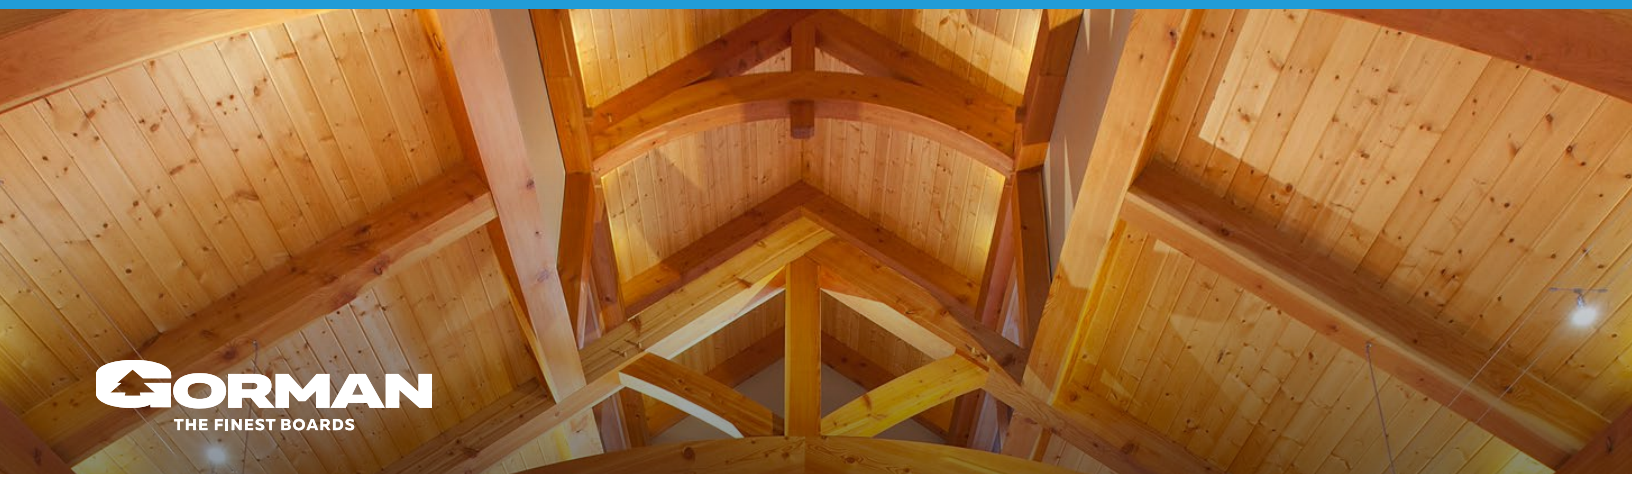
Elite and Common Boards



Showcasing the Pure Beauty of Natural Wood.

Gorman lumber is carefully graded above the NLGA or WWPA industry standards, has a furniture finish that is smooth and splinter-resistant (The Gorman Edge) and is heat treated and kiln dried to ensure a stable board, not prone to bowing or cracking.

The Gorman Edge:

Different Grades:
All 1" boards are carefully graded with smaller and fewer natural traits allowed in the higher grades of wood.

Different Package Sizes:
All Gorman products are wrapped in protective tarp to ensure clean stock and better inventory control.

- ✓ **Smooth surfaces & soft edges**
- ✓ **Fewer slivers**
- ✓ **Less chipping**
- ✓ **Waxed edges to reduce splits**
- ✓ **Slow & gentle drying to create a flat & stable board**

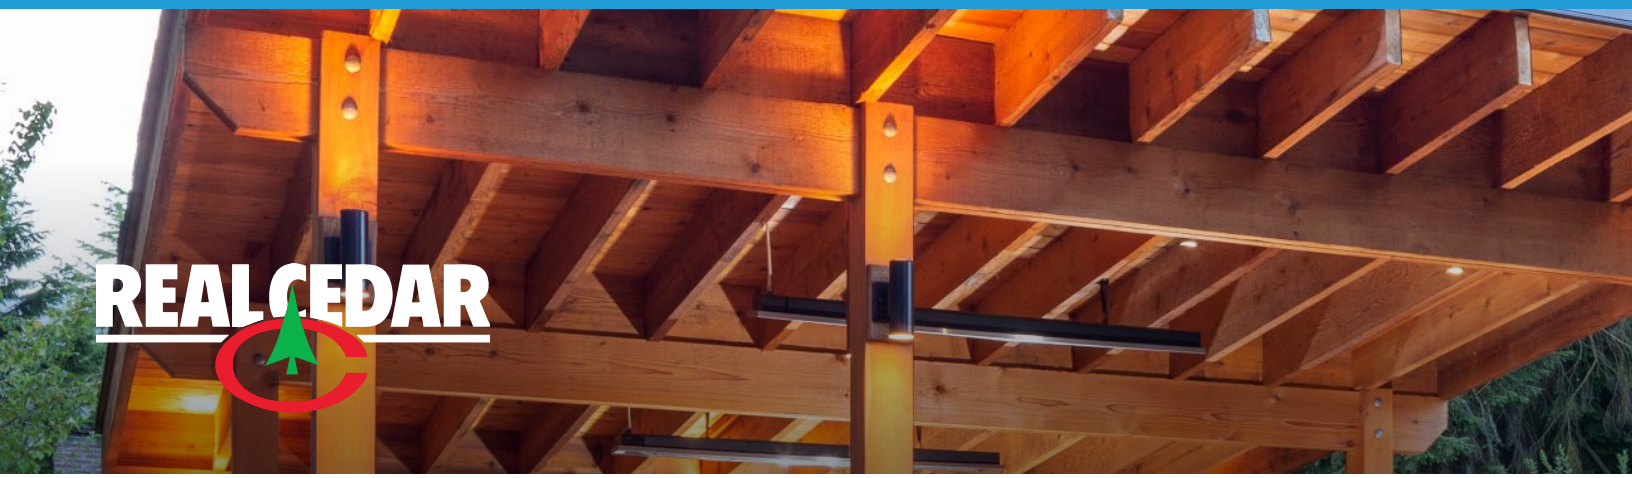
Cedar

Green Dimensional & Trim, Timbers & Pattern Stock



Add a Captivating, Elegant Touch to Architectural Designs.

Cedar seamlessly combines aesthetic charm with functional durability. With its alluring reddish-brown tones that mature into a captivating silvery hue over time, cedar offers innate resistance to decay and pests due to its natural oils and compounds.

Cedar's exceptional stability and workability make it a go-to choice for siding, decking, and roofing, ensuring structures maintain their appeal while weathering the elements.

TruExterior® Siding & Trim

FROM DESIGN FLEXIBILITY TO DIMENSIONAL STABILITY, TRUEXTERIOR CHANGES THE SIDING & TRIM GAME.

It all starts with poly-ash technology, tested in extreme climates to give TruExterior a high level of dimensional stability. TruExterior is made in the USA, and when you add moisture and bug resistance, suitability for ground contact, Class A fire rating per ASTM E84 and a 20-Year Limited Warranty, it's a true confidence builder for pros and homeowners.

Allura Spectrum™ Pre-finished Siding Available Special Order in 25 Standard Colors.

CUSTOM COLORS AVAILABLE!

Unleash your imagination.

allura spectrum®

PROUDLY FINISHED WITH SHERWIN-WILLIAMS COATINGS

Allura's proprietary Spectrum® Finishing System not only ensures unparalleled protection against the elements, but also brings out your style in a gorgeous palette of eye-catching designer colors. But that's only part of the story. Beneath our alluring Spectrum finish lies a strong precision process. Optimal defense is built-in with our primer/sealer for premium weather protection and machine-applied coats of Spectrum color.

With 25 solid colors available to choose from our, Spectrum pre-painted collection, your homeowner can rest assured knowing they won't need to repaint for 15 years. We back this claim up with a 15-year warranty on all our pre-finished options.

Finish First

With Spectrum pre-finished products, reduce the on-site painting days in your schedule, and benefit from the advantages of optimal inside atmospheric conditions for applying , drying and curing paint. Film thickness is precise for uniform flawless 15-year warranty finish. Why let the variables of heat, cold, wind rain, humidity, bugs, flying debris and human error, degrade your work? Choose Allura Spectrum® featuring Sherwin Williams® colors and Finish First.

The samples shown here are as accurate as printing methods will permit. For a physical color sample please contact us @ alluramd@elementia.com

KLEER®

Real Wood Beauty. Zero Wood Worries.

Kleer® Cellular PVC Trim is now available from BlueLinx, making it easier to source a premium trim solution from a supplier you already know and trust. Whether you're stocking inventory for everyday demand or special-order projects, BlueLinx provides dependable access to the products you need along with local sales support and efficient delivery.

Kleer combines the authentic look of wood with the durability of cellular PVC, helping deliver beautiful, low-maintenance results for a wide range of interior and exterior applications.

Key Benefits

- Authentic wood look without the upkeep
- Resists moisture, insects, and rot
- Cuts, shapes, and fastens like wood
- Approved for use at or below grade
- Low-maintenance, long-lasting performance
- Made in the USA

KLEER®

BlueLinx Raleigh Now Stocks RDI Railing

RDI® Railing is engineered for speed, ease and style, with smart features that streamline installation while defining elevated design. Our broad range of inventory includes materials and customizable options backed by decades of innovation and over 20 patents to provide railing solutions that install faster, perform beautifully and stay stunning.

Elevation® Rail Aluminum Railing

Elevation Rail installs 38% faster than competitors with no special tools required. Featuring pre-strung cables, adjustable panels, and the OneTen™ system, it offers modern design, unobstructed views, and versatility for indoor or outdoor use.

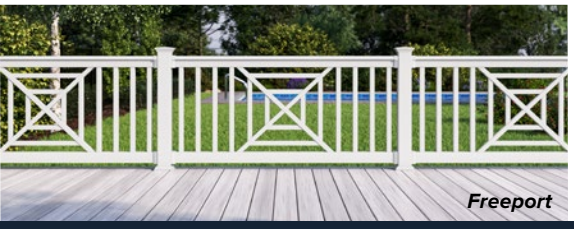
- *Features patent-pending OneTen™ built-in centralized tensioning control system*
- *No special tools or fasteners needed*
- *Available in pre-assembled kits with pre-installed brackets and pre-strung stainless-steel cables*
- *Modern, industrial design with continuous top rail for both level and stair applications*
- *Available in Matte Black*

Finyl Line™ T-Top Balusters with Square Rail Kit

The Finyl Line T-Top Balusters with Square Rail Kit offers a classic, low-maintenance railing solution with the strength of aluminum reinforcement. Designed for quick installation, this kit provides a clean, traditional look while ensuring long-lasting durability.

- ***Strong & Durable*** *– Aluminum-reinforced vinyl for enhanced stability and performance*
- ***Concealed Fastening System*** *– Brackets hide fasteners for a seamless, professional finish*
- ***Low-Maintenance Vinyl*** *– Resistant to weathering, fading, and warping*
- ***Available in White*** *– A timeless color to complement any outdoor space*

Chippendale



Freeport

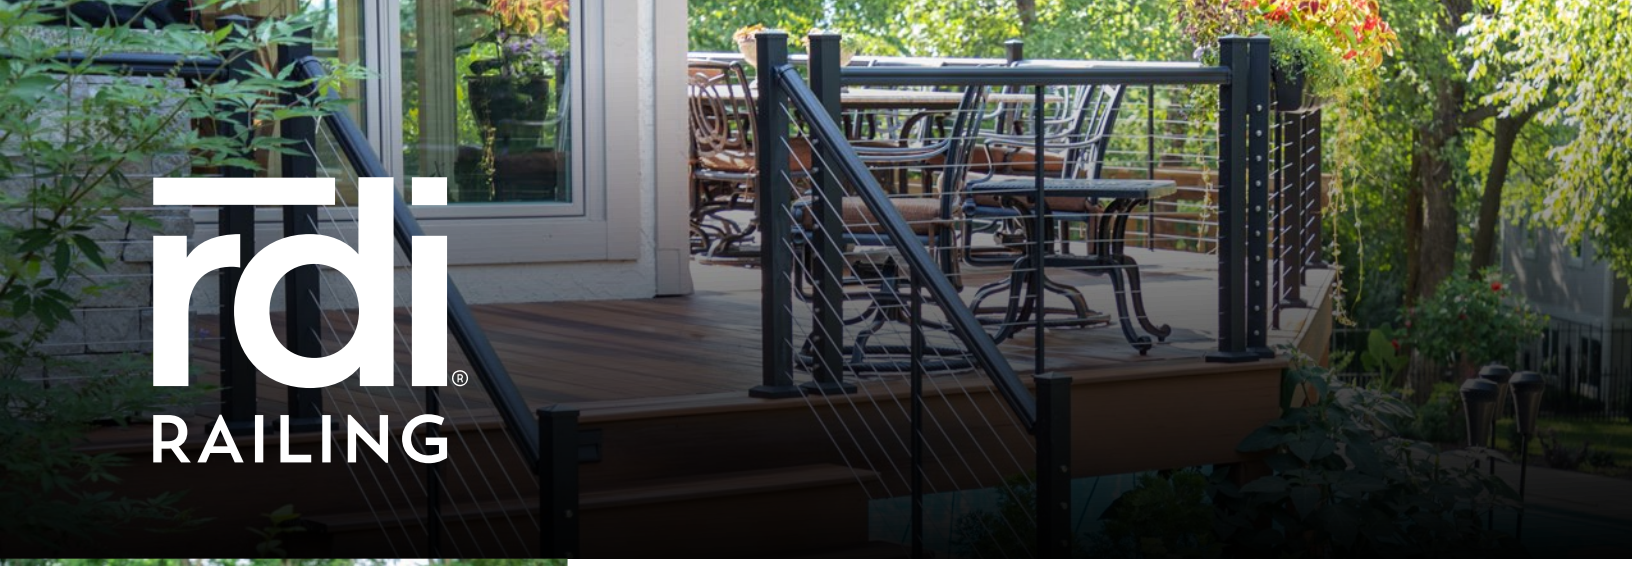
Finyl Line™ Chippendale & Freeport Decorative Infill Pre-Built Panels

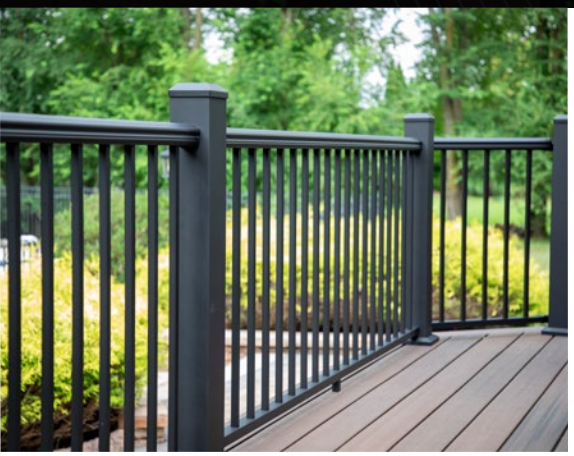
Upgrade your railing with the timeless beauty of Chippendale and Freeport Decorative Infill Pre-Built Panels. These ready-to-install panels offer an elegant, custom look while maintaining the durability and low maintenance of Finyl Line Vinyl Railing.

- ***Pre-Assembled Convenience*** *– Installs quickly with Finyl Line T-Top railing*
- ***Distinctive Designs*** *– Chippendale features a classic crisscross pattern, while Freeport offers a refined, modern look*
- ***Durable & Low Maintenance*** *– Crafted from weather-resistant vinyl for long-lasting beauty*

**Chippendale and Freeport pre-assembled infill panels available in White with T-Top profile only*

***Decorative Screen Panels sold separately*





Avalon™ Aluminum Railing

Avalon Aluminum Railing offers rust resistance, style, and security with pre-assembled panels and ProLock® locking strips. It features three top rail options and customizable infills, including square balusters, glass, cable, rod rail, and Decorative Screen Panels.

- *Cable and glass slat infill options provide unobstructed views*
- *Decorative Screen Panel infill option offers increased customization*
- *Premium powder coating on aluminum framing*
- *Available in Matte Black, Matte Bronze, White*
- *Assembled in the USA with Transferable Limited Lifetime Warranty*

Fusion™ Composite Railing

Durable, water-resistant composite rails capped with ground-breaking AlumiCast™ Technology boldly frame views with the strength of Composicore® and sleek look of aluminum at a smart value. Pre-assembled panels are designed to install quickly and stay beautiful for decades.

- *Strength and look of matte-finish aluminum with the value and durability of composite*
- *Superior moisture resistance—won't rot, warp, splinter or mold*
- *Durable acrylic cap with lightly textured, long-lasting matte finish*
- *Pre-built panels install quickly and easily*

Every Style, Elevated

Customizable systems ensure ideal features and elegant design.

Engineered Efficiency

Smart innovation streamlines installs and ensures performance.

Enduring Strength

Proven materials and systems stand strong and stay stunning.

Trusted Nationwide

The preferred choice with reliable distribution and support.
