

SteelLinx[®]

Your Reinforcements Are Here

From rebar to poly film, you can rely on SteelLinx as your single source for concrete construction products, including a variety of accessories to make the job site a cleaner, safer and more efficient place to work. And as with all our products, you can count on competitive pricing and the dependable BlueLinx service you know and trust.

OSHA Approved Rebar Caps

When people are working at any height above exposed rebar, fall protection/prevention is the first line of defense against serious injury. SteelLinx OSHA Approved Rebar Caps ensure job site compliance against injury from impalement on vertical rebar.

OSHA compliant
Self centering
Steel reinforced
High visibility orange
Reusable

- Item# 714719
- Individually UPC'd
 - 25 Caps/Box
 - #3 to #8 Bar Size

Mushroom Rebar Caps

Mushroom Rebar Caps are used as a protective cover for bolts, pipes, rebar and other protrusions that could be potentially hazardous. **Mushroom caps are not intended to prevent impalement**, but to reduce possible risks or dangers from the exposed ends of horizontal rebar.

Self centering
