

COVERPRO®

SYNTHETIC ROOFING UNDERLAYMENT

Performance Felt Replacement

PRODUCT OVERVIEW

Now you have a choice – CoverPRO® is the best choice when your project demands the performance of synthetic underlayment and the cost of #15 roofing felt. Manufactured from 100% synthetic materials, CoverPRO is the engineered, high quality choice that offers the performance, lightweight, simple installation and safety you want in a roofing underlayment. CoverPRO is designed for use under all types of roofing material; including: asphalt shingles, synthetic shingles, cedar shakes, and metal. Safer, easier and faster installation along with better installed performance, a 20-year Limited Warranty and extra-large full color Broadcast® custom printed advertising makes CoverPRO the best choice for your next project.

FEATURES

SAFER: Asphalt saturated felt can be slippery and potentially unsafe underfoot; CoverPRO's proprietary non-woven walking surface improves roof deck walkability in all conditions.

EASIER: Each 10 square roll weighs approximately 20 lbs. and is attached with standard roof nails (plastic caps not needed) so getting CoverPRO on the roof and attached is simple, less expensive and fast.

STRONGER: CoverPRO's unique triple layer construction makes it 25 times stronger than #15 roofing felt. It requires significantly fewer fasteners and provides a tough, durable deck cover regardless of weather conditions.

GRAY COLOR: Provides a comfortable working surface in all temperatures and an excellent background for your extra large (up to 30" tall/unlimited width) full color custom printed logo, phone number, web site or other advertisement.

ADVERTISE: Bigger and bolder with Broadcast Custom Print – the easiest way to get leads or earn paid advertising revenue during your project. With Broadcast Custom Print your individual logo, phone number, web address and any other advertisements can be featured on the same roll with individual images more than 2 feet tall and 10 feet wide. Broadcast Custom Print offers the largest, most vivid job site advertising in the industry.

FEATURES AND BENEFITS:

- 25x stronger than #15 roofing felt
- 150% more coverage per roll than traditional #15 felt
- 11% more coverage per course than traditional #15 felt
- 20 Year Limited Warranty (see website for warranty details)
- Non-woven walking surface feels like traditional felt underfoot
- Less weight per roll means easier to handle during installation
- Cool Gray surface will reduce heat build-up on hot days
- Superior lay-flat properties; will not wrinkle or absorb water
- Sustainability – may contribute to LEED and NGBP ratings
- Remains flexible and easy to install in cold climates
- 100% synthetic construction – will not rot or mold
- 60 Day UV exposure rating
- Class A fire rating

TYPICAL PHYSICAL PROPERTIES

PROPERTY & STANDARD	CoverPRO TYPICAL RESULT	ASTM #15 FELT TYPICAL RESULT
Permeability ASTM E96	0.1 perms	5 perms
Water Transmission ASTM D4869	Pass	Pass
Tear Strength ASTM D4533	MD 35 lbs / CD 35 lbs	MD 2.2 lbs / CD 4 lbs
Tensile Strength ASTM D751	MD 92 lbs / 90 lbs	MD 54 lbs / CD 29 lbs
Burst Strength ASTM D751	160 psi	35 psi
Elongation ASTM D751	20%	3%
Weight per Square ASTM D5261	1.92 lbs	11.2 lbs
Nominal Thickness ASTM D1777	7 mils	21 mils
Temperature Range – Internal	-70 F to 240 F	No value offered

Results reflect typical properties of control/non-conditioned specimens. Values should not be interpreted as limiting specifications and will vary within typical manufacturing tolerances

COVERPRO PACKAGE SPECIFICATIONS

- Roll Dimensions 40" x 300'
- Weight per Roll 20.2 lbs
- Coverage per Roll 10 sq
- Rolls per Pallet 56
- Pallet Weight 1375 lbs

CODE & STANDARD COMPLIANCE

- ICC-ES AC188 (ESR-1293)
- ASTM D226 Type I & II
- ASTM D4869
- CSA A 123.3 Type 1 & 2
- FBC #8700-R2
- Texas Dept. of Insurance (TDI)
