Murphy Real Wood Paneling

Bedford Village

Murphy's most popular real wood veneer paneling features the classic look of bead board planks without the expense. The easy-to-install, 4 X 8 panels, are perfect for wall paneling, wainscoting, cabinet doors and cabinet backers. The beads are 1-1/2" OC.

Factory applied paper overlays offer an attractive, economical paneling option. Murphy uses various backing substrates that provide the look of real wood quality at a lower cost.

A fashionable collection of finishes complement any design. These finishes can work in a full room, hallway or walk-in closet.

We also offer top-coated foil in stipple white. For a smooth finish, you can select a paintable surface. No matter which style or texture of Murphy Paneling you choose, you will add the perfect finishing touch to any room.

* Special order item. Please consult your Murphy salesperson

Paneling is one of the easiest home decoration projects to complete with professional results.

Paneling from Murphy comes in a variety of styles, finishes, and wood grains. It has a warmth and beauty at home in traditional or contemporary interiors. A wide variety of species is available with unique characteristics providing a beautiful and decorative solution.

A wide range of patterns includes bead, v-groove and wide plank. Any wood panel can be top-coated with our UV finish, to dramatically reduce project completion time.

Note: The pictures in this brochure are representative of panel finishes available. Grain patterns and color can vary from panel to panel. The pictures do not cover the entire range of color, grain variation or characteristics for the given wood species.
